REPORT

Details of Activity:

Name of the Activity	Chronicles of Techies Reveal Ceremony Engineer's Day Celebration		
Date & Time	12 September 2026, 12:00 PM	Department / Committee	SPCA Committee
Venue	Civil Seminar Hall	No. of Participants	50
Nature of Activity	Extracurricular	Mode of Activity	Offline
Name of Activity In-charge	Event Team	Name of Activity Coordinator	Mrs. Priyanka Kamble
Name of Dignitaries	Faculty members, Heads of Departments (HODs), and Vice Principal		

Activity Information:

Objectives	• To unveil the Computer Engineering Department magazine, "Chronicles of Techies," on the occasion of Engineer's Day. • To showcase students' creativity, technical interests, achievements, and contributions. • To encourage technical writing, documentation, innovation, and knowledge sharing among students. • To acknowledge the support and guidance of faculty members and institutional leadership.
Target Audience	Students and faculty members of the Department of Computer Engineering, Heads of Departments, and the Vice Principal.
Methodology	1. Welcome and Introduction: The ceremony began with a welcome to the dignitaries, HODs, faculty members, and participants. 2. Context and Purpose: The significance of Engineer's Day and the role of a departmental magazine in promoting technical knowledge and student creativity were introduced. 3. Magazine Reveal: "Chronicles of Techies" was formally unveiled in the presence of the dignitaries and faculty members. 4. Magazine Overview: The audience was introduced to the magazine's purpose and its role in highlighting departmental activities, student contributions, and technology-related content. 5. Acknowledgement: The efforts of the contributors, editorial team, students, and faculty members involved in preparing the magazine were acknowledged. 6. Closing: The ceremony concluded with a vote of thanks.
Outcomes	The departmental magazine "Chronicles of Techies" was formally revealed on Engineer's Day. • The ceremony provided a platform to recognize student creativity and technical contributions. • The event encouraged technical communication, writing, and documentation among students.

	• Faculty members and institutional dignitaries came together to celebrate departmental initiatives. • A total of 50 participants attended the ceremony.

SWOT Analysis of the Event:

Strength	Weakness	Opportunity	Threats
Platform for student creativity and technical communication. • Participation of faculty and institutional dignitaries. • Celebration aligned with Engineer's Day.	• Limited time to present all magazine contents. • Reach may be limited to attendees at the venue.	• Future editions can include research, projects, interviews, and achievements. • Digital publication can reach a wider audience. • Encourage more student submissions.	• Delays in future content collection or review. • Low submission rates may affect future editions. • Printing or technical issues could affect distribution.
