Sr. No.	Year of Publication	Name of Faculty	Title of Research Paper	Journal Title / Conference details (Title, Organizer, Date)	Journal Indexing
27	2021	Dr. Arun Saxena	Predicting Consumer's Intention to Write Online Movie Review: A Structural Equation Modelling Approach	International Journal of Mechanical Engineering	Google Scholar
28	2021	Dr. Arun Saxena	Trends and Development in Time Synchronization Methods in Wireless Adhoc Sensor Networks: A Review	International Journal of Mechanical Engineering	Google Scholar
29	2022	Dr. Arun Saxena	Sustainability Analysis in Smartphones: A Feature Specific Approach	International Journal of Mechanical Engineering	Google Scholar
30	2022	Mrs. Anita Chaudhari	OA-TAS Online Toll Collection System	Turkish Journal of Computer and Mathematics Education	Google Scholar
31	2022	Mrs. Anita Chaudhari	Stock Market Price Prediction using Machine Learning	International Journal of Computers and Applications	Google Scholar
32	2022	Mrs. Anita Chaudhari	Smart Building using IoT	International Journal of Health Sciences	Google Scholar
33	2021	Ms. Shraddha More	Masked Face Recognition using Convolutional Neural Network	Flusser Studies (UGC CARE Journal)	Google Scholar
34	2022	Dr. Arun Saxena	Diabetics Predicting Trick Exploits Using IOT and Machine Learning Algorithms Study	International Journal of Health Science	Google Scholar
35	2022	Dr. Arun Saxena	Blockchain Grounded Electronic Record for Healthcare Monitoring System	International Journal of Health Science	Google Scholar
36	2022	Mrs. Asitha Nadar	Physiotherapist's Portal	International Research Journal of Engineering and Technology	Google Scholar
37	2021	Mr. Pranav Sule	Sentiment Analysis of Reviews on Teachers	GIS Science Journal	Google Scholar
74	2022	Mrs. Linda John	Predicting House Prices using Machine Learning and Light GBM	Elsevier SSRN	Google Scholar Conference
75	2022	Mrs. Jessica Dias	Augmented Reality-based Virtual Dressing Room using Unity 3D	Elsevier SSRN	Google Scholar Conference

76	2022	Ms. Shraddha More	A Smart Door Lock Security System using Internet of Things	International Conference on Applied Artificial Intelligence and Computing	Google Scholar Conference
77	2022	Ms. Shraddha More	Accident Detection and Reporting using Convolutional Neural Network	International Conference on Applied Artificial Intelligence and Computing	Google Scholar Conference
78	2022	Ms. Shraddha More	Friend Recommendation in Social Media App using Link Prediction	International Conference on Sustainable Computing and Data Communication Sys	Google Scholar Conference
79	2022	Ms. Shraddha More	Deep Learning Based Driver Drowsiness Detection	International Conference on Applied Artificial Intelligence and Computing	Google Scholar Conference
80	2021	Mrs. Brinzel Rodrigues	Carries Classification using CNN	International Conference on IoT Based Control Networks and Intelligent Systems	Google Scholar Conference
